worldwide logistics (PTY) LTD

# THE SYNERGY SOURCE

VOLUME 7 – JUNE 2025

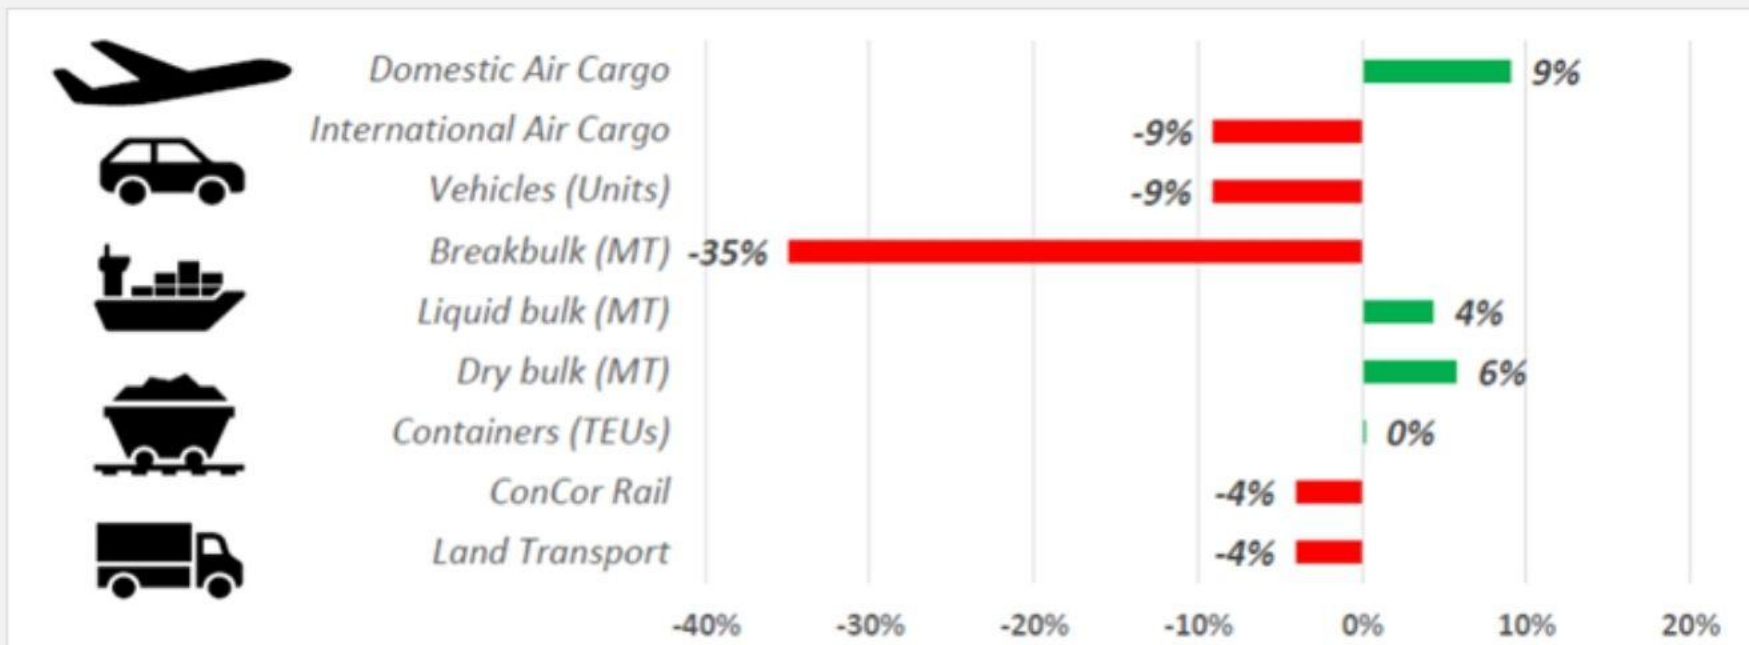

- TNPA signs R285 million deal with Grindrod Eyamakhosi JV for new container facility at Richards Bay Port.
- Project to increase container capacity from 50,000 to 200,000 TEUs annually.
- Located at Bayvue precinct, the development marks a shift from bulk to container cargo handling.
- Part of TNPA's strategy to diversify cargo mix and boost northern KwaZulu-Natal's economy.
- Facility to offer competitive alternative to Durban and Maputo ports for inland cargo.

June 23 vs. June 24 (% growth)

## **Synergy is offering our three-month work experience programme for unemployed learners**

During this period, participants gain hands-on exposure across all departments within our business structure. In addition to practical training, they complete learning modules on topics such as Time Management, Customer Service, Leadership, Incoterms, and International Trade, among others. We evaluate each learner throughout the programme and may offer employment opportunities to those who demonstrate potential.

## Synergy Port Operations

SPO has always acted in good faith towards all clients and will ensure a smooth turnaround for any port call on the South African coast. This is why our clients return to us for our remarkable service, as detailed below:

### Our services include:

- Port clearance and customs documentation.
- Bunker calls
- Off-port limit calls ( launch hire).
- Helicopter hire.
- Medivac services.
- Crew changes.
- All vessel-related husbandry matters.
- Ship spares.
- Bulk carriers / loading iron ore carriers ULOC/  
Tankers discharge ( VLCC)
- Vessel repair calls.
- Wet and dry docking of vessels.
- Cash to master (CTM) delivery to the vessel.
- Stowaway searches with dogs .
- Procurement / technical suppliers, provisions etc.

Acting as a vessel agent has its challenges, and due to our professionalism and availability 24/7 , we prioritize our clients ' interests to ensure their port call instructions and requests are attended to without any delays.
